Travel Reservation Terms & Conditions

CASH/REGULAR PRICE:

We have two prices for each trip we offer. The lowest price quoted for your trip is the **cash discount** price. Your invoice will reflect the rate of the cash discount price. If you use a credit card for any payment other than your deposit, your next invoice will reflect the **credit price**. This will increase your trip price anywhere from \$30-\$350 per person, depending on the total price of the trip.

PAYMENT POLICY:

Your initial deposit has reserved your space on the trip. Your subsequent invoices will show the balance of your trip in the form of a monthly payment schedule. All payments must be paid in cash or check by these deadlines unless you arranged to have the higher credit card price. There will be a \$25 fee assessed on all returned checks.

CANCELLATION POLICY:

Any cancellations for the trip must be called into our office and discussed with one of our agents. Cancellations will be subject to the following schedule of charges:

***Sign up date to May 27, 2020:** The deposit per person becomes non-refundable and non-transferable starting 6 months prior to the tour starting.

***May 28, 2020 to July 27, 2020:** \$1,500 per person becomes non-refundable and is non-transferable unless we can find someone to take your spot and the cruise line allows us to do a name change. Once we are within 120 days before sailing, the cruise line does not allow any name changes.

***July 28, 2020 to August 27, 2020:** Half of invoice is non-refundable and is non-transferable.

***August 28, 2020:** Entire invoice is non-refundable and is non-transferable.

*The above cancellation policy may change and become a higher non-refundable or non-transferable amount if Fun For Less Tours has had to purchase non-refundable tickets or other non-refundable items for the passengers.

CHANGE POLICY: Change requests will be considered on a case-by-case basis. Adding passengers to your reservation is not necessarily considered a "change". Changes in names of passengers already booked, and changes to room reservations will be assessed a fee of \$30.00 per change. Any changes to airlines, cruises, etc will be assessed the change fees charged by the airlines, cruises, etc. Changes are subject to approval by the airlines, cruise lines, etc. Change requests must be made over the phone with one of our agents and will be done only after cruise line, airline and/or hotel approval.

Important Travel Protection Information

We recognize that a vacation is an investment. So take a moment and ask yourself a few questions...

- If I have an accident or sickness that causes my inability to go on my tour or cruise, can I afford to lose my money?
- Most health insurance does not cover you outside of the US... If an emergency happens am I prepared to pay for medical evacuation, hospitalization, and other expenses?
- If an emergency happens to someone at home and you have to return early from your trip, are you prepared to pay for the short notice airfare prices?

**The following information is provided by the CDC Centers
for Disease Control and Prevention
wwwn.cdc.gov/travel/contentVaccinations.aspx**

The CDC divides vaccines for travel into three categories: Routine, Recommended, and Required. While your doctor will tell you which ones you should have, it's best to be aware of them ahead of time.

Checklist:

- Have you scheduled a visit with your doctor or travel medicine provider? Ideally, you should do this 2 or more weeks before your trip. Most vaccines take time to become effective in your body and some must be given over several days or weeks.
- Have you looked on the (CDC) website about health information for your destination? If you haven't looked up the CDC website for health information, you should do so ASAP.
 - wwwn.cdc.gov/travel/contentVaccinations.aspx
- Be sure that you and your family are up to date on your **routine vaccinations**. These vaccines are necessary for protection from diseases that are still common in many parts of the world even though they rarely occur in the United States. If you are not sure which vaccinations are routine, you can go to the website listed above or ask your doctor.
- Are you aware of which types of **vaccinations are recommended** for you or those traveling with you? If vaccinations are recommended they are to protect travelers from illnesses present in other parts of the world and to prevent the importation of infectious diseases across international borders. Which vaccinations you need depends on a number of factors including your destination, whether you will be spending time in rural areas, the season of the year you are traveling, your age, health status, and previous immunizations.
- Are you aware of any **vaccines required** by International Health Regulations? These vaccines are required before entering the countries being visited.
- Are you traveling with infants or children? While many travel health issues for adults also apply to infants and children, they also have special needs that are to be considered when they travel.
